

Jamf Announces Preliminary Second Quarter 2021 Financial Results

August 10, 2021

- Q2 total revenue of \$86.2 million, representing year-over-year growth of approximately 39%
- ARR year-over-year growth of 38% to \$333.0 million as of June 30, 2021
- Q2 cash flow provided by operations of \$34.0 million; Unlevered free cash flow of \$33.1 million, or 38% of total revenue

MINNEAPOLIS, Aug. 10, 2021 (GLOBE NEWSWIRE) -- Jamf (NASDAQ: JAMF), the standard in Apple Enterprise Management, today announced preliminary financial results for its second quarter ended June 30, 2021.

Second Quarter 2021 Financial Highlights

Jamf expects to report the following financial results:

- ARR: ARR increase of 38% year-over-year to \$333.0 million as of June 30, 2021.
- Revenue: Total revenue of \$86.2 million, an increase of approximately 39% year-over-year.
- Gross Profit: GAAP gross profit of \$66.9 million, or approximately 78% of total revenue, compared to \$48.6 million in the second quarter of 2020. Non-GAAP Gross Profit was \$70.2 million, or approximately 81% of total revenue, compared to \$51.4 million in the second quarter of 2020.
- Operating Loss/Income: GAAP operating loss of \$16.1 million, compared to GAAP operating income of \$3.7 million in the second quarter of 2020. Non-GAAP Operating Income of \$7.7 million, or approximately 9% of total revenue, compared to \$10.8 million in the second quarter of 2020.
- Cash Flow: Cash flow provided by operations of \$34.0 million, compared to \$16.8 million in the second quarter of 2020. Unlevered free cash flow of \$33.1 million, or approximately 38% of total revenue, compared to \$21.0 million, or approximately 34% of total revenue in the second guarter of 2020.

In addition, Jamf intends to revise prior period financial statements in subsequent filings to correct an immaterial error related to certain commissions that were incorrectly capitalized and will report final second quarter results as soon as practicable. The immaterial error has no impact on key business metrics

A preliminary reconciliation between historical GAAP and non-GAAP information is contained in the tables below and the section titled "Non-GAAP Financial Measures" below contains descriptions of these reconciliations.

"Our strong preliminary results demonstrate balanced growth across our products, geographies and top industries, with particular strength in our Commercial business due to the improving operating environment," said Dean Hager, CEO of Jamf. "This performance, along with strength in our add-on products, gives us confidence as we enter the second half of the year and begin to integrate the Wandera solutions into our platform. We'll continue to execute our strategy and extend our leadership in Apple Enterprise Management as we start to deliver the full Jamf platform that connects, manages and protects all Apple devices, data and users."

Recent Business Highlights

- Ended the second quarter with 23.2 million Apple devices on our platform, representing growth of 35% year over year, and more than 53,000 customers, representing growth of approximately 3,000 customers within the quarter.

- Unveiled key improvements to Jamf Nation, the world's largest online community of Apple administrators.
- Jamf ranked #30 on the Fortune Best Workplaces for Millennials [™]2021 list.

Financial Reporting Update

Jamf has recently identified an immaterial error related to certain commissions that were incorrectly capitalized instead of being expensed in its prior period financial statements and will revise its previously issued consolidated financial statements for fiscal years 2018, 2019, 2020, quarters of 2019 and 2020, and the first quarter of 2021 in subsequent filings.

Jamf determined that the error had no impact on key business metrics, including revenue, ARR, dollar-based net retention, operating cash flow and unlevered free cash flow for the relevant periods. Jamf currently estimates that the error will result in an expense adjustment of approximately 1% or less of total GAAP expenses in any of the relevant periods. Jamf does not believe the error will have a material impact on future period operating expense rates. The financial information presented herein reflects the preliminary, estimated impact of the error for the applicable periods and is subject to further revision.

Jamf expects to correct the immaterial error in its Quarterly Report on Form 10-Q for the quarter ended June 30, 2021. Given the timing of the error being identified, Jamf's second quarter 2021 financial results are preliminary subject to the completion of the audit process. Jamf plans to provide its final financial results for the quarter ended June 30, 2021 and file the related Quarterly Report on Form 10-Q as soon as practicable.

Financial Outlook

For the third quarter of fiscal year 2021, the company currently expects:

- Total revenue of \$92.5 to \$94.5 million, including an anticipated Wandera revenue contribution of approximately \$5 million
- Non-GAAP Operating Income of \$0.5 to \$1.5 million, including an anticipated Wandera Non-GAAP Operating Loss contribution of approximately \$5 million

For the full year 2021, the company currently expects:

- Total revenue of \$357 to \$361 million, including an anticipated Wandera revenue contribution of approximately \$11 million
- Non-GAAP Operating Income of \$18 to \$20 million, including an anticipated Wandera Non-GAAP Operating Loss contribution of approximately \$10.5 million

To assist with modeling, for the third quarter of 2021 and full year 2021 amortization is expected to be approximately \$11.8 million and \$40.6 million, respectively. These amounts reflect the impact of the preliminary purchase price allocation for the Wandera acquisition and are subject to change. In addition, for the third quarter of 2021 and full year 2021 stock-based compensation and related payroll taxes is expected to be approximately \$9.5 million and \$59.5 million, respectively.

Jamf is unable to provide a quantitative reconciliation of forward-looking guidance of Non-GAAP Operating Income to GAAP operating income (loss) because certain items are out of Jamf's control or cannot be reasonably predicted. Historically, these items have included, but are not limited to, acquisition-related expenses and acquisition-related earn-out, costs associated with our secondary offering, amortization and stock-based compensation. Accordingly, a reconciliation for forward-looking Non-GAAP Operating Income is not available without unreasonable effort. These items are uncertain, depend on various factors, and could result in projected GAAP operating income (loss) being materially less than is indicated by currently estimated Non-GAAP Operating Income.

Conference Call Information

Jamf will host a conference call and live webcast for analysts and investors at 3:30 p.m. Central Time (4:30 p.m. Eastern Time) on August 10, 2021. The press release with preliminary financial results will be accessible from the company's website prior to the conference call. Parties in the United States and Canada can access the call by dialing +1 (833) 519-1319, and international parties can access the call by dialing +1 (914) 800-3885.

Non-GAAP Financial Measures

In addition to our results determined in accordance with generally accepted accounting principles in the United States ("GAAP"), we believe the non-GAAP measures of Non-GAAP Operating Expenses, Non-GAAP Gross Profit, Non-GAAP Gross Profit Margin, Non-GAAP Operating Income (Loss), Non-GAAP Operating Income (Loss) Margin, Non-GAAP Net Income (Loss), Unlevered Free Cash Flow and Unlevered Free Cash Flow Margin are useful in evaluating our operating performance. Certain of these non-GAAP measures exclude stock-based compensation, amortization expense, acquisition-related expenses, acquisition-related earnout, costs associated with our secondary offerings, foreign currency transaction loss, payroll taxes related to stock-based compensation, legal reserve and discrete tax items. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance and assists in comparisons with other companies, some of which use similar non-GAAP information to supplement their GAAP results. The non-GAAP financial information is presented for supplemental informational purposes only, and should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly-titled non-GAAP measures used by other companies. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses that are required by GAAP to be recorded in the company's financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgment by the company's management about which expenses are excluded or included in determining these non-GAAP financial measures. Reconciliation tables of the most comparable GAAP financial measures to the non-GAAP financial measures used in this press release are included with the financial tables at the end of this release. Jamf strongly encourages investors review our consolidated financial statements included in publicly filed reports in their entirety and not rely solely on any single financial measurement or communication.

In addition, certain prior period amounts have been revised to correct other immaterial errors.

⁽³⁾ For the three and six months ended June 30, 2020, the related tax effects of the adjustments to Non-GAAP Net Income were calculated using the respective statutory tax rate for applicable jurisdictions, which was not materially different from our annual effective tax rate for full year 2020 of approximately 25%. For the three and six months ended June 30, 2021, our annual effective tax rate was impacted by changes in the domestic valuation allowance. Therefore, we used a tax rate of nil for the three and six months ended June 30, 2021 as this rate was materially different than our statutory rate.
